

ACTIVE 80™

**SPREADER • SURFACTANT
DEPOSITION AID • DEFOAMER**

NONIONIC

MULTI-PURPOSE

COMPATIBLE

BIODEGRADABLE

DESCRIPTION

Active 80 is a multi-purpose adjuvant that has non-ionic surfactants that make it compatible with most of today's chemicals used in custom application.

Active 80 can be used with most pesticides to improve performance, by reducing surface tension, giving uniform droplets, that results in higher deposition and better coverage.

Active 80's unique defoaming ability will help reduce the foaming of many agricultural combinations.

DIRECTIONS FOR USE

In most instances add **Active 80** in water before adding pesticides or other materials to spray tank. Variations in use conditions can result in changes in the amount of **Active 80** required. If mixing order is not known use a small container and check compatibility and mixing order.

DANGER

Causes Serious Eye Damage

Prevention: Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear chemical splash proof goggles and chemical resistant gloves.

Response: Get medical attention/advice if you feel unwell.

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call doctor.

If swallowed: Rinse mouth, Do NOT induce vomiting. Drink 2 glasses of water.

If on skin (or hair): Rinse skin with water/shower. Wash contaminated clothing separate from other laundry before reuse.

If inhaled: Remove person to fresh air and keep comfortable for breathing.

Storage: Keep container tightly closed when not in use. Store above 32°F

Disposal: Dispose of contents/containers in accordance with local/regional/national regulations (See Section 13 of SDS). Containers may be triple rinsed and offered for recycling.

Keep away from children. Do not drink. Do not contaminate feed, seed or water supplies.

ACTIVE INGREDIENTS

Alkylaryl Polyether Alcohols, Silicone
and Glucose Blends 80.00%
Inerts 20.00%
Surfactants in **Active 80** are exempt from the requirement of tolerance under Title 40 CFR, 180.1001 (d).
